

AER58 BLUE LOW S1P ESD HRO SRC

Art. No. 64.766.0

Protection: fiberglass toe cap and metall-free flexible FAP[®] Lite midsole

Extra: ESD, metal-free, breathable functional lining, pull-on loops for easier entry, comfortable collar and tongue padding

Upper: transparent, extremely breathable textile fabric with microfiber and TPU reinforcements

Lining: breathable functional lining

Footbed: evercushion[®] CUSTOM FIT MID

Sole: WORKLETICS 3D SOLE - 300°C heat and slip resistant rubber outsole with PWR BEADS[®] for superior energy return and EVA midsole for optimal cushioning, stability and comfort

Colour: blue

Sizes: 39 - 48

WORKLETICS 3D-SOLE

The core layer of the sole is the large pad made of PWR BEADS[®], which extends far below the metatarsus. The upper layer, made of very light EVA material, provides dynamic cushioning with good stabilization at the same time. The right grip is guaranteed by the non-slip and abrasion-resistant, two-colour rubber outsole with wide flex grooves for optimum flexibility.

PWR BEADS[®]

The already very cushioning PWR BEADS[®] are literally baked together to form one element during the production process. Together they achieve an excellent energy return of 58%.

evercushion[®] CUSTOM FIT MID

The anatomically shaped evercushion[®] CUSTOM FIT MID footbed provides optimal cushioning with every step. The special coordinated arch support enables the natural positioning of the foot in the shoe and stimulates the muscles when walking. Also available in the retail pack in the Versions LOW and HIGH, for narrow ones or wide feet.

FAP[®] Lite

The latest generation of metal-free penetration protections:

- 50% lighter
- very high flexibility
- better cushioning and pressure elasticity
- cooling effect through breathability and sweat absorption
