### FLEXIBLE TPU OUTSOLE

The depth of the sole profile improves the flexibility as well as the ground contact and has optimal liquid displacing properties. The high quality TPU is non-marking and resistant against abrasion.

### CUSHIONING MIDSOLE

A soft and light PU midsole optimally cushions the high impacts when walking

### comfit<sup>®</sup> AIR FOOTBED

The newly developed, breathable ALBATROS<sup>®</sup> comfit<sup>®</sup> AIR footbed has elevations in the heel and ball area of the foot as well as a support of the longitudinal arch. This helps the foot keeping its natural position in the shoe and stimulates the musculature while walking. The slip-resistant textile cover is odour-resistant, moisture absorbing and washable at 30°C.

### UPPER

Perfect for outdoor use - high-quality upper materials perfectly crafted with skilled workmanship offer superior comfort and guarantee an everlasting wearing pleasure.
