SLIP RESISTANT OUTSOLE

The abrasion-resistant, cushioning DUO-PU sole is particularly characterized by its flexibility and slip resistance. The sole profile has wide flex grooves and differently designed profile elements for excellent grip on different floors, especially on industrial floors.

FAP® - FLEXIBLE ANTI PERFORATION

The flexible anti-penetration midsole made of ceramic-coated fibers, reliably protects the feet completely from penetrating objects.

CUSHIONING MIDSOLE

This soft PU midsole optimally cushions the high impacts of walking and combines perfect stability with flexibility.

FIBERGLASS TOE CAP

Fiberglass reinforced composite toe cap with more space for the toes, lighter than a common steel cap, antimagnetic and thermally insulating.
