

## ULTRATRAIL BLACK LOW S3S ESD FO HRO SR

EN ISO 20345:2022

Art. No. 64.620.0

- Protection:** fiberglass toe cap and flexible FAP® midsole
- Plus:** bumper of rubber in the toe area, special fit and last in women's sizes 36-40
- Upper:** leather with abrasion-resistant textile inserts
- Lining:** breathable functional lining
- Footbed:** anatomically formed comfit® AIR footbed
- Sole:** XTS TRAIL - high quality, 300°C heat and slip resistant, rubber outsole with IMPULSE.FOAM® midsole or optimal cushioning, stability and comfort
- Colour:** black-red
- Sizes:** 36 - 47

Also available:

STUNNING LOW  
646290

SPLENDID GREEN GH LOW  
646300

### SLIP RESISTANT XTS TRAIL OUTSOLE

The easy-to-clean rubber outsole ensures perfect contact with the ground. It is non-slip and abrasion-proof and heat-resistant up to 300°C (HRO). The specially designed cleat profile and the wide flex grooves guarantee optimal flexion, optimize the water-displacing properties (windshield wiper effect) and provide a secure hold on a wide variety of surfaces.

### comfit® AIR FOOTBED

The newly developed, breathable ALBATROS® comfit® AIR footbed has elevations in the heel and ball area of the foot as well as a support of the longitudinal arch. This helps the foot keeping its natural position in the shoe and stimulates the musculature while walking. The slip-resistant textile cover is odour-resistant, moisture absorbing and washable at 30°C.

### IMPULSE.FOAM® midsole

Ultimate comfort during long working days. The innovative IMPULSE.FOAM® midsole in two different densities reacts to each of your steps with an energy impulse. Thereby the IMPULSE.FOAM® does not only return the energy, but also provides maximum cushioning and excellent stability.

### FIBERGLASS TOE CAP

Fiberglass reinforced composite toe cap with more space for the toes, lighter than a common steel cap, antimagnetic and thermally insulating.
