

# PRODUCT DATA SHEET

## DEFINE WNS LOW S1P ESD HRO SRC

Art. No. 64.392.0

**Protection:** fiberglass toe cap and flexible FAP® midsole

**Plus:** ESD, metal free, vegan, TPU eyelet element and TPU heel and toe cap protection

**Upper:** SAFETY KNIT®

**Lining:** BreathActive functional lining

**Footbed:** evercushion® CUSTOM FIT MID

**Sole:** rubber sole MOTION IMPULSE - 300°C heat and slip-resistant rubber outsole with IMPULSE.FOAM® midsole in two different densities for maximum cushioning, stability and comfort

**Colour:** black-pink

**Sizes:** 36 - 42

Also available:

CELERITY KNIT BLUE LOW WNS  
643910

BEAT WNS LOW  
643910

CELERITY KNIT PINK LOW WNS  
642910

### RUBBER SOLE MOTION

The 300°C heat resistant HRO rubber outsole is inspired by the latest running shoe technology. The anti-slip sole profile with its diagonal flex grooves ensures optimum flexibility and maximum traction (SRC).

### TORSION CONTROL ELEMENT

The TPU torsion control element in the middle of the sole supports the natural flexing action of the foot while walking and provides a better support and stability for the feet.

### IMPULSE.FOAM® midsole

Ultimate comfort during long working days. The innovative IMPULSE.FOAM® midsole in two different densities reacts to each of your steps with an energy impulse. Thereby the IMPULSE.FOAM® does not only return the energy, but also provides maximum cushioning and excellent stability.

### SAFETY KNIT®

**STEP IN COMFORT** - The ultraflexible textile fabric perfectly adapts to the foot and fits like a sock. The upper SAFETY KNIT®, a mixture of high quality synthetic fibres, offers a high flexibility, resistance and breathability at the same time.
